About Vidya Mandir

Before independence, National Heritage was under foreign influences. Indian Culture had been uprooting. We attained freedom in 1947 to re-establish Indian system, after dedication and making only goal, to become free. Macaulay's education system was imposed on nation. Being independent, the soul of mother India was confiscated in the fetter of slavery. Being inspired by national feelings, the great men started "Saraswati Shishu Mandirs" education planning. By which not only entire India but also whole world is obliged to this education system and national feelings. In this series 'Vidya Mandir Shikshan Sansthan' Arya Nagar North Gorakhpur is also engaged to contribute in mega nation building plan since 13 July 1964. If the goal is clear of any person, society or nation, success automatically comes to such person/institution. Something is happening to Vidya Mandir Shikshan Sansthan Arya Nagar North Gorakhpur. The institution is accepting all the challenges of society due to your love & affection and help.

Vidya Mandir Shikshan Sansthan, what attained from the society, returned to the society as double. Today, where economy based administration system is advocating about 'economy' form human being, there we are engaged to mould good character and regulated mind persons. Hither, we were feeling incapability to contribute in development due to insufficient means. But we were feeling the grief of society. Your love and affection has made us capable to contribute in development of nation and society.

At present time for girls, post graduate science and commerce classes are running. From preceding 20 years exam result is 100% continuous.

Due to shortage space (campus), for boys there was education only till 8th standard. After passing out from class 8th boys went to other colleges. The guardians were demanding continuous for 12th standard education. Now in new building high school and intermediate classes have been running for last 21 years. In boys inter college science and commerce classes are running. A standard level computer education is also providing. The main gate of boys inter college is towards Sonauli Road. Now in new academic session English medium education will be started in Playway and 6th, 9th and 11th classes on due to need of guardians and students and requirement of present education system.

At last school family aims to develop holistic to a child physical, mental and spiritual and obliges to all guardians and persons expressing good wishes for their affection and love.
